

# INTERNATIONAL FIRE TRAINING CENTERS

## AGI SHIPBOARD FIRE SERVICE LTD.

561 Wain Road, Sidney, British Columbia, V8L 5N8, Canada.

Tel: +1 250 655 3738

Fax: +1 250 655 3547

E-mail: [agi@pacificcoast.net](mailto:agi@pacificcoast.net)

Web Site: <http://members.shaw.ca/shipfire/index.html>

Basic/Advanced Shipboard Firefighting; Confined Space Rescue; Crowd Control; Land-Based Firefighters Responding to Ship Fires. All training programs, including SCBA training, are designed to suit the client and all training is conducted on the vessel or at a location requested by the client AGI will provide certification depending on program selection and can offer Basic HazMat Spill Response courses. All smoke used is water-based and environmentally-friendly.

## ALBERTA FIRE TRAINING SCHOOL

5704 47 Ave., Vermilion, Alberta, USA.

Tel: +1 780 853 5800

Fax: +1 780 853 3008

E-mail: [aftsinfo@afts.ab.ca](mailto:aftsinfo@afts.ab.ca)

Web Site: [www.afts.ab.ca](http://www.afts.ab.ca)

Industrial Courses: Firefighting, rescue, prevention and emergency preparations for petrochemical, chemical, paper and pulp industries and wildland firefighting Courses also include SCBA training in 3-storey or 7-storey smoke and fire towers. Specialist Courses: the school offers NFPA 472 certification, as well as dangerous goods awareness, operations and technician levels. Simulators: Hydrocarbon fuel used in simulator. Training credits: NFPA, 472, 1001 1002, 1003, 1021, 1031, 1033, 1035, 1041. Policy: the school has an environmentally-friendly policy which complies with the provincial, local and federal regulations. Major Clients: Esso, Shell, Amoco, Sabie, Sheritt, DOW, Department of National Defense. Specialist Equipment/ Facilities: 30 hectare site, multi-media classrooms and an emergency operations centre.

## CENTER FOR INDUSTRIAL FIRE & HAZARDOUS MATERIALS TRAINING

P.O. Box 10008, Beaumont, Texas 77710, USA.

Tel: +1 409 833 3228

Fax: +1 409 838 7029

E-mail: [hubacjc@lub002.lamar.edu](mailto:hubacjc@lub002.lamar.edu)

Web Site:

Industrial Courses: Industrial fire, rescue, marine/ shipboard, instructor training and hazardous materials. Courses also include SCBA training in BA simulator. The Center offers specialist courses dealing with hazardous material spills at Technician Level. Simulators: Live burn projects - a variety of LPG and Henry fuels, and derailment project. The Center offers a totally-enclosed recovery system.

## COMMERCIAL & INDUSTRIAL TRAINING UNIT

Glos Fire & Rescue Service, Eastern Avenue, Gloucester, GL4 7LP, UK.

Tel: +44 958 800 638

Fax: +44 1452 383 031

E-mail: [fullerk@gloscc.gov.uk](mailto:fullerk@gloscc.gov.uk)

Web Site:

Industrial Courses: the centre offers training in everything from BA to fire extinguisher use. Simulators: IT simulator and a portable gas burning unit for on-site or oil tray use.

Policy: the unit has an environmentally-friendly policy which involves using artificial and safe foam agents. Major Clients: British Fuels, DuPont, C&G

## **DEVON FIRE AND RESCUE SERVICE COMMERCIAL TRAINING**

Camels Head Fire Station, Ferndale Road, Plymouth, Devon, PL2 2EP, UK.

Tel: +44 1752 363 150

Fax: +44 1752 364 077

E-mail: [pbernardes62@hotmail.com](mailto:pbernardes62@hotmail.com)

Web Site:

Industrial Courses: Marine, confined space and risk assessment. Courses also include SCBA training in a range of simulators. Specialist Courses: Designed to suit clients` needs.

Simulators: Ship structure, fire house, smoke chamber and confined spaces.

Training credits: STCW, MCA, CITB, SW Water, Wessex Water, FEFC, DoT, WSF.

Policy: The centre has an environmentally-friendly policy which involves using dedicated fire ground and artificial smoke machines as required. Clients: Shipping companies, industrial firms, schools, universities, RNLI. Specialist Equipment/ Facilities: A full range depending on customer requirements.

## **DFW AIRPORT FIRE RESCUE ACADEMY**

Department of Public Safety, P.O. Drawer 610687, DFW Airport, Texas 75261 0687, USA.

Tel: +1 972 574 5534

Fax: +1 972 574 4385

E-mail: [bwekenborg@dfwairport.com](mailto:bwekenborg@dfwairport.com)

Web Site: [www.dfwairport.com](http://www.dfwairport.com)

Industrial Courses: Aircraft rescue and firefighting. Courses also include SCBA training in BA simulator. Specialist Courses: The Academy offers specialist courses dealing with hazardous material spills.

Simulators: Aircraft simulators. Training credits: IFSAC and the State of Texas.

Policy: Company has an environmentally-friendly policy which involves using artificial smoke and safe foam agents. Clients: Airport fire-fighters and nuclear power-plant fire brigades.

Specialist Equipment/ Facilities: Propane fuelled simulators built to scale of a Boeing 737 Aircraft.

## **DUBLIN FIRE BRIGADE/NORTHEASTERN UNIVERSITY**

Malahide Road, Marino, Dublin 3, Ireland.

Tel: +353 183 383 13

Fax: +353 183 354 72

E-mail: [emsed@iol.ie](mailto:emsed@iol.ie)

Web Site: [www.ems.neu.edu](http://www.ems.neu.edu)

Industrial Courses: Fire, rescue, marine, shipboard and medical, including first responder and emergency medical technician. Courses also include SCBA training in a BA simulator.

Specialist Courses: the facility offers specialist industrial courses dealing with hazardous material spills. Simulators: the facility uses live burn and IT simulators.

Training credits: IFE, Health and Safety, National Ambulance Advisory Council,

Department of the Marine. Policy: the facility has an environmentally-friendly policy which

involves using artificial smoke and safe foam agents. Major Clients: Merchant Marine, Irish Ferries, Intel, Garda, Irish Army. Specialist Equipment/ Facilities: Real life firegrounds, buildings for search and rescue, facilities to simulate emergency medical conditions, RTAs, chemical spills, fires and explosions.

## **EMERGENCY SERVICES COLLEGE**

Hulkontie 83, PB 1122, FIN-70821 Kuopio, Finland.

Tel: +358 17 307 111

Fax: +358 17 307 222

E-mail: [lauri.pajulahti@pelastus.intermin.fi](mailto:lauri.pajulahti@pelastus.intermin.fi)

Web Site: <http://www.intermin.fi/>

Industrial Courses: Hazardous materials and risk management. Specialist Courses: The College offers specialist industrial courses dealing with hazardous material spills, tailor-made to clients' needs. Simulators: Wrecked ship simulator and oil rig training simulator. Policy: The College's training ground have been designed and built to be 'environmentally-friendly'. Clients: Firefighters, sub-officers and officers in Finland. Also fire brigades and industrial companies. Specialist Equipment/ Facilities: Industrial building fire house and different kinds of gas simulators.

## **FIRE SAFE INTERNATIONAL LTD.**

Dorrington Business Park, Shrewsbury, SY5 7UP, UK.

Tel: +44 1743 718 008

Fax: +44 1743 718 003

E-mail: [fsiuk@aol.com](mailto:fsiuk@aol.com)

Web Site: [www.fire-safe-rescue.com](http://www.fire-safe-rescue.com)

Industrial Courses: Confined space (all levels), fire warden, fire exit, hazmat equipment and handling. Courses also include SCBA training in air-line BA. Specialist Courses: FSI offers specialist industrial courses dealing with hazardous material spills. FSI offers training accreditations. Policy: FSI has an environmentally-friendly policy which involves using artificial smoke and safe foam agents. Major Clients: BPA Oil Ltd., Drake & Scull, Intiorserve, Bousfield Heatons, Rolls Royce, Plastic Omnum, Eden Vale, Muller, ABB. Specialist Equipment/ Facilities: BA simulator.

## **THE FIRE SAFETY ENGINEERING COLLEGE**

P.O. Box 2511, Seeb PC. 111, Sultanate of Oman.

Tel: +968 521 077/ 521 173

Fax: +968 521 355

E-mail: [abdulsamad@fsecoman.com](mailto:abdulsamad@fsecoman.com)

Web Site: [www.fsecoman.com](http://www.fsecoman.com)

. Courses provided include: Basic training; Chlorine emergencies; confined space rescue; First Responder/EMS; EMT; Emergency Response team leader; Fire Behaviour/Science; Fire Codes & Inspections; Firefighter I & II; Fire Investigation; First Aid; Flammable Gas Firefighting; Foam & Foam Systems; Forcible entry; HazMat management; HazMat Decontamination; High-Angle/Rope Rescue; Hoseline Operations; Incident Commander; Incident Management; Interior Structural Firefighting; Leadership; PPE; PPV; Fitness; RTAs; SCBA; Search & Rescue; Shipboard Firefighting; Sprinkler systems; Trench collapse & rescue; Ventilation; Water Rescue. SIMULATORS: Hot fire training on a full-size steel-framed airbus fuselage, a helicopter, military jet, petrochem installation, ship, motorway, flange & screen simulator, LPG/LNG, firehouse and Flashover unit. All rigs are fired by LPG and water is recycled (eco-friendly programme).

## **FIRE SERVICE COLLEGE**

Moreton-In-Marsh, Gloucestershire, GL56 ORH, UK.

Tel: +44 1608 650 831

Fax: +44 1608 651 839

E-mail: [enquiries@fireservicecollege.ac.uk](mailto:enquiries@fireservicecollege.ac.uk)

Web Site: [www.fireservicecollege.ac.uk](http://www.fireservicecollege.ac.uk)

Industrial Courses: All areas of industry, including ARFF, rescue and extrication, oil, gas, marine, aviation and transportation. Courses also include SCBA training up to and including instructor/technician level, in all well-known makes of SCBA sets.

Specialist Courses: the FSC offers specialist courses dealing with the hazardous nature of a spill and its environmental impact. Simulators: the FSC has both live burn and I.T.

simulators, including its own ship, oilrig and a variety of aircraft. The FSC offers training

accreditations. Policy: All training at the College satisfies the standards set by the

government agency. Clients: Students from many major organizations have attended the college Specialist Equipment/ Facilities: The college has over 40 major firefighting

appliances and a wide range of fire and rescue specialist equipment.

Courses provided include: Automatic sprinkler systems; Basic training; confined space

rescue; Emergency Response team leader; Fire Behaviour/Science; Fire Codes &

Inspections; Firefighter I & II; Fire Investigation; Flammable Gas Firefighting; Foam &

Foam Systems; Forcible entry; HazMat management; HazMat Decontamination; High-

Angle/Rope Rescue; Hoseline Operations; Incident Commander; Incident Management;

Interior Structural Firefighting; Leadership; PPE; PPV; Fitness; RTAs; SCBA; Search &

Rescue; Shipboard Firefighting; Sprinkler systems; Trench collapse & rescue; Ventilation;

Water/Ice Rescue SIMULATORS: Chemical plant, 400-tonne dry cargo ship in water,

oilrig & helideck; 500m motorway, railway, Boeing 737 & other military and civilian

aircraft. Various commercial & industrial fire building/structures. FULL water treatment &

recycling facilities, safe foams, LPG, halon alternatives.

## **EMERGENCY FIRE & SAFETY LTD.**

3001 SW 67th Avenue, Ocala, FL 34474, USA.

Tel: +1 352 629 8240

Fax: +1 352 401 3999

E-mail: [FETF@Ocalafl.org](mailto:FETF@Ocalafl.org)

Web Site:

Industrial Courses: ARFF, industrial fire brigade and water rescue. Courses also include SCBA training in BA simulator. Specialist Courses: Tailored to customer's needs.

Simulators: 153' diameter fire pit with 757 mock-up and 737 fuselage interior mock-up.

Training Accreditations: FAA, NFPA 1003. Policy: FETF has an environmentally-friendly

policy which involves using artificial smoke and safe foam agents. Major Clients: Miami

Int'l Airport, Orlando Int'l Airport, airports in Mexico, Peru and South-eastern USA.

Specialist Equipment/ Facilities: Propane computer-controlled fires; hydro-carbon fueled

and dimensional trainer; compressed air, tri-max foam system; computer simulation

incident command; interactive VR trainer.

## **FLORIDA EMERGENCY TRAINING FACILITY**

3001 SW 67th Avenue, Ocala, FL 34474, USA

Tel: +1 352 629 8240

Fax: +1 352 401 3999

## **GREATER MANCHESTER COUNTY FIRE SERVICE INDUSTRIAL & COMMERCIAL TRAINING UNIT**

Cassidy Close, Off Thompson Street, Manchester, M4 5FP, UK.

Tel: +44 161 908 5153

Fax: +44 161 908 5135

E-mail:

Web Site:

Industrial Courses: Fire safety and industrial and ladders. Courses also include SCBA training in BA simulator. Specialist Courses: The GMCFS offers hazardous materials and spill courses. Simulators: Gas and flashover simulator. Training Accreditations: IFE. The GMCFS has an environmentally-friendly policy for the BA courses. Major Clients: Procter & Gamble, Shell UK, Zetex Chemicals. Specialist Equipment/ Facilities: Breathing apparatus and flashover box.

## **GLOUCESTER FIRE RESCUE SERVICE**

Commercial Industrial Training Unit, Eastern Avenue, Glos. GL4 7LP, UK.

Tel: +44 958 800638

Fax: +44 1452 383031

E-mail: [fullerk@gloscc.gov.uk](mailto:fullerk@gloscc.gov.uk)

Web Site:

Courses: One/Two Day B.A/CPS Training; 1/2 Day Firefighter/Firewardens; Extinguisher Courses; Hotel & Residential Care Courses are designed to meet company requirements. Courses include SCBA training in a BA simulator and a BA complex with heat & simulated smoke. Artificial smoke used to be OEenvironmentally-friendly<sup>1</sup>. Specialist Facilities: Portable gas burning simulator for on site training.

## **HERTFORDSHIRE FIRE & RESCUE COMMERCIAL TRAINING DEPARTMENT**

Training & Development Centre, Longfield, Hitchin Road, Stevenage, SG1 4AE, UK.

Tel: +44 1438 847 321

Fax: +44 1438 314 03

E-mail: [chris.martindale@hertsc.gov.uk](mailto:chris.martindale@hertsc.gov.uk)

Web Site:

Industrial Courses: Basic and advanced fire-fighting and breathing apparatus, fire safety awareness, IOSH, NEBOSH, fire warden and manual handling. Courses also include SCBA training in a BA simulator in all SCBA units associated with a professional fire service. Simulators: Large hot fire training facility suitable for compartment live fire-fighting. Policy: the department uses artificial smoke and environmentally-friendly foam agents. Major Clients: Navision, Bank of England, Glaxo Wellcome, SKB, BAe.

## **HUMBERSIDE FIRE BRIGADE INDUSTRIAL TRAINING**

Clough Road, Hull, HU6 7PL, UK.

Tel: +44 1482 446 574

Fax: +44 1482 444 670

E-mail:

Web Site: [www.come.to/humbersidefire](http://www.come.to/humbersidefire)

humbersidefire Industrial Courses: Marine fire-fighting, command and control, crisis management, liquid and gas firefighting, fireteam member, fireteam leader, fire warden and confined space training. Courses also include SCBA training in BA simulator.

Simulators: Liquid and gas firefighting simulators, ship firefighting units and industrial complexes. Training Accreditations: STCW 95, MCA, NVO The brigade`s environmental policy includes clean-burn system and waste interceptors. Major Clients: BP, British Gas, Accordis, P&O, Reckitt & Coleman, Smith & Nephew, Howard Smith Shipping, Croda Chemicals, Tioxide Huntsman. Specialist Equipment/ Facilities: Multi-level shipping and industrial training complex, confined space facility and specialist firefighting simulators.

## **INSTITUTION OF CHEMICAL ENGINEERS**

165-189 Railway Terrace, Rugby, Warwickshire, CV21 3HQ, UK.

Tel: +44 1788 578 214

Fax: +44 1788 577 182

E-mail: [swilson@icheme.org.uk](mailto:swilson@icheme.org.uk)

Web Site: [www.icheme.org](http://www.icheme.org)

Industrial Courses: Health and safety for processing industries. Specialist Courses: Company offers specialist courses dealing with hazardous material spills. Major Clients: BNFL, BP, ICI, Glaxo Wellcome.

## **INTERNATIONAL CENTRE FOR EMERGENCY TECHNIQUES**

P.O. Box 430, 4940 AK Raamsdonksveer, The Netherlands.

Tel: +31 162 5170 80

Fax: +31 162 5165 60

E-mail: [info@icet.nl](mailto:info@icet.nl)

Web Site: [www.icet.nl](http://www.icet.nl)

Industrial Courses: ARFF, rescue and extrication, instructor training, confined space rescue, flash over training, hazmat, water/ ice rescue Courses also include SCBA training in BA simulator. Specialist Courses: ICET offers specialist industrial courses dealing with hazardous material spills. Simulators: ICET has simulators for flashover training and aircraft rescue. Training Accreditations: the ICET certificate, approved by the Ministry of Interior Aff in Holland (NIBRA). ICET has an environmentally-friendly policy which involves using artificial smoke and safe foam agents. Clients: Fire brigades, rescue personnel, medical staff, trauma teams. Specialist Equipment/ Facilities: Hydraulic, medical, mechanical and computer simulations, training grounds.

## **LAMBTON COLLEGE INDUSTRIAL FIRE SCHOOL**

1457 London Road, Sarnia, ON, N7S 6K4, Canada.

Tel: +1 800 791 7887

Fax: +1 519 336 4537

E-mail:

Web Site: [www.lambton.on.ca/cems/foreschool.html](http://www.lambton.on.ca/cems/foreschool.html)

Courses: Short-term courses in Hands-on Training in Exterior & Interior Fire Fighting at Introductory & Advanced Levels; Fire ground Leadership/Tactical Operations; Incident Command System; Fire & Hazmat Combined Courses; Emergency Response (all levels), Confined Space Entry/Rescue, Industrial Rescue Techniques, Compressed Gases & Cryogenic Liquids, 3-Year Fire Science Technology Diploma Program & Custom Training to Meet Specific Client Needs. Courses include `live burn` training and SCBA training in a BA simulator and courses in Spill Containment & Control & Managing Environmentally Sensitive Materials are also offered. School operates an `environmentally-friendly` policy.

## **LOUISIANA STATE UNIVERSITY (LSU) FIRE & EMERGENCY TRAINING INSTITUTE**

6868 Nicholson Drive, Baton Rouge, LA 70820, USA.

Tel: +1 504 766 0600

Fax: +1 504 765 2416

E-mail:

Web Site:

Courses provided include: Basic training; CPR; Chlorine emergencies; confined space rescue; First Responder/EMS; Emergency Response team; Emergency Response team leader; Fire Behaviour/Science; Fire Codes & Inspections; Firefighter I & II; Fire Investigation; First Aid; Flammable Gas Firefighting; Foam & Foam Systems; HazMat management; HazMat Decontamination; High-Angle/Rope Rescue; Hoseline Operations; Incident Commander; Incident Management; Interior Structural Firefighting; Leadership; PPE; PPV; RTAs; SCBA; Search & Rescue; Shipboard Firefighting; Ventilation; Water/Ice Rescue; Industrial Emergency Response Training (Fire, Rescue, HazMat); Aircraft Firefighting/Rescue. SIMULATORS: LSU offers numerous live props such as industrial processes, structural fires, aircraft fires, flashover simulator.

## **MARITIME RESCUE INTERNATIONAL**

The Old Pier, Stonehaven, Aberdeenshire, Scotland.

Tel: +44 1569 765768

Fax: +44 1569 767728

E-mail:

Web Site:

Courses provided include: Waterways Awareness & Rescue Training; Search & Rescue Operations, RYA Courses, Maritime/River N.E. Regions Special Operations (MRSO) and other Specialist Services.

## **MCMILLAN OFFSHORE SURVIVAL TRAINING**

RR4 Box 108, Belfast, Maine 04195 USA.

Tel: +1 207 338 1603

Fax: +1 207 338 1603

E-mail: [mcmillan@agate.net](mailto:mcmillan@agate.net)

Web Site:

Courses: Specialises in Water/Helicopter Survival Training and First Aid Training.  
Specialist Facilities: Helicopter Underwater Escape Dunker.

## **NATIONAL ACCESS AND RESCUE CENTRE**

Lake District Business Park, Mintbridge Road, Kendal, LA9 6NH, UK.

Tel: +44 1539 728 866

Fax: +44 1539 778 833

E-mail: [info@narc.co.uk](mailto:info@narc.co.uk)

Web Site: [www.narc.co.uk](http://www.narc.co.uk)

Industrial Courses: Vertical rescue, confined space, work at height, cliff and mast rescue. NARC offers competence-based modular training, as well as third-party assessment. Policy: NARC uses no pollutants as part of its environmentally-friendly policy. Major Clients: BNFL, VSEL, NATS, CIBA, Royal Navy, RUC, UK fire brigades. Specialist Equipment/ Facilities: Custom training centre.

## **NATIONAL SEA TRAINING CENTRE**

Thameside Campus, Denton, Gravesend, Kent, DA12 2HR, UK.

Tel: +44 1474 534 960

Fax: +44 1474 360 244

E-mail:

Web Site:

Industrial Courses: All marine-related courses and dedicated company courses, including SCBA training in BA simulator. Simulators: Ship SIM. Training Accreditations: STCW 95.

Policy: The NSTC has an environmentally-friendly policy which involves using artificial smoke and safe foam agents. Major Clients: P&O Stena, Cunarq, P&O Cruises, Ropiner.

Specialist Equipment/ Facilities: Marine-related as required

## **NUTEC CENTRE FOR SAFETY**

Haverton Hill Industrial Estate, Billingham, Cleveland TS23 1PZ, UK.

Tel: +44 1642 566656

Fax: +44 1642 563224

E-mail: [teesside@nutecuk.com](mailto:teesside@nutecuk.com)

Web Site:

NUTEC, in association with the International Fire Training Centre, provides wide-ranging fire, BA rescue training to the industrial, chemical, offshore, aviation and maritime sectors. Nutec's facilities are designed to replicate over 100 different scenarios. Liquid spills and gas phase fires are created in outdoor and indoor multi-level installations. Nutec also specialise in confined space entry and practical casualty rescue training, utilising a mobile training unit.

## **REFINERY TERMINAL FIRE COMPANY**

P.O Box 4162, Corpus Christi, TX 78469, USA.

Tel: +1 361 885 7127

Fax: +1 361 241 0943

E-mail:

Web Site: [www.rtfco.org](http://www.rtfco.org)

Courses: Process Unit Firefighting; Confined Space Rescue; ARFF; Structural Firefighting, IMS; Senior Fire Officers Class. Courses include OElive burn<sup>1</sup> training using OEhot fire<sup>1</sup> simulators, storage tanks, process units, pump seals, towers & LPG and SCBA training in a BA simulator. Special Courses: Hazardous Materials Classes. Special Facilities: The Refinery Terminal has a world class OEwaste-water<sup>1</sup> treatment plant and National Foam Foam Pumps.

## **R.G.I.T. MONTROSE**

Training Centre, Blackness Avenue, Attens, Aberdeen AB12 3LE, UK.

Tel: +44 (0) 1224 899707

Fax: +44 (0) 1224 873221

E-mail:

Web Site: <http://www.rgitmontrose.com>

Courses provided include: Basic training; confined space rescue; Emergency Response team leader; Emergency Response team; First Aid; Flammable Gas Firefighting; Foam & Foam Systems; HazMat management; High-Angle/Rope Rescue; Hoseline Operations; Incident Commander; Incident Management; Interior Structural Firefighting; Leadership; PPE; SCBA; Search & Rescue; Shipboard Firefighting; Computers-IT. Company specific oil & gas related/Specialist Training. SIMULATORS: Emergency management for offshore and FPSO. RGIT - MONTROSE uses environmentally-friendly training methods.

## **RISC FIRE & SAFETY TRAINING B.V.**

PO Box 1005, 3180 AA Rozenburg, The Netherlands.

Tel: +31 (0) 181 376 666

Fax: +31 (0) 181 376 664

E-mail:

Web Site: [http://www.risc.nl/index\\_en.php](http://www.risc.nl/index_en.php)

Courses provided include: a whole range from control of indoor fires to offshore survival, from HazMat to disaster control. Training and courses for fire brigades, and national training schemes, for specific industries including the petrochemicals industry (fire control, hazardous substances, crisis management and crisis PR), the merchant shipping/inland waterways (fire control, HazMat, maritime survival training), offshore (NOGEP-OLF-OPITO, maritime survival training), offices (emergency aid at work, elementary fire control), training exercises, and a mobile training unit. HazMat courses: Transport Emergency Response ICE Level 1 & 2, H<sub>2</sub>SO<sub>4</sub>, H<sub>2</sub>S, Handling Ammonia. SIMULATORS: A residential area, offshore module, tank area with helicopter landing platform, road tanker, electricity substation, process plant, and offshore area simulators are available. Live burn is an essential part of Risc's courses, and SCBA training is carried out in BA simulators. RISC operates an environmentally-friendly policy.

## **THE UNIVERSITY OF LEEDS**

CPD Unit, School of Process, Environmental and Material Engineering, University of Leeds, Leeds, LS2 9JT, UK.

Tel: +44 113 233 2494

Fax: +44 113 233 2511

E-mail: [cpd.speme@leeds.ac.uk](mailto:cpd.speme@leeds.ac.uk)

Web Site: [www.leeds.ac.uk](http://www.leeds.ac.uk)

Industrial Courses: Fire and explosion, fire and safety law, fire flammability, gas and dust explosions, vent design, fire dynamics and modelling, explosion prediction and mitigation, fire safety design, polymers and textiles in fires. The University offers training accreditations. Clients: European fire and explosion protection, industry and regulators. Specialist Equipment/ Facilities: Large explosion and fire research facilities.

## **WEST MIDLANDS FIRE SERVICE TRAINING CENTRE**

Dartmouth Road, Smethwick, West Midlands, B66 1BG, UK.

Tel: +44 121 380 6620

Fax:

E-mail:

Web Site:

Industrial Courses: Courses for recruit and probationer firefighters, in road traffic accident procedures, first aid, hot fire, initial and advanced driving, aerial and specialist appliance operator training, management, leadership, team building, firefighting and fire safety. Courses also include SCBA training. Simulators: LPG simulators installed in a purpose-built 4 storey building. Specialist Equipment/ Facilities: 2 drill towers, electricity pylon for rope rescue training, fire pad, jet wall, fire wells and hydrants. The BA lecture/training room is equipped with 30 individual student cleaning/servicing/ maintenance facilities.

## **WEST YORKSHIRE FIRE SERVICE TRAINING CENTRE**

. Oakroyd Hall, Birkenshaw, Bradford, West Yorkshire, BD11 2DV, UK.

Tel: +44 1274 655 867

Fax: +44 1274 653 780

E-mail:

Web Site:

Industrial Courses: All types of firefighting, first aid and RTA training are offered.  
Specialist Courses: Company offers specialist industrial courses dealing with hazardous material spills. Simulators: Both LPG and CRIBS live burn simulators. The FSTC offers training accreditations and has an environmentally-friendly policy which involves using artificial smoke and safe foam agents. Major Clients: Yorkshire Water, National Power, Royal Mail. Specialist Equipment/ Facilities: A vast array of equipment available.

## **WRAY PARK CENTRE**

Wray Park Centre, Surrey Fire Brigade HQ, Crydon Road, Reigate, RH2 0FJ, UK.

Tel: +44 1737 224 023

Fax: +44 1737 224 092

E-mail:

Web Site:

Courses: Confined Space; Specialist Fire Safety; Managers Fire Safety; Workplace Regulations; Manual Handling; Residential Fire Safety; Hotel Fire Safety. Courses include OElive burn<sup>1</sup> and SCBA training in a OEFire House<sup>1</sup>. Specialist Courses: Hazardous Materials Course. NVQ accredited training centre offering C.I.C.B accreditation for Fire Safety courses. Centre operates an OEenvironmentally-friendly<sup>1</sup> policy with the use of artificial smoke and safe foam agents. Specialist Facilities: Multi-Media presentations in a 100-seat lecture theatre.
